(a) Within the department there shall be an established office of the state long-term care ombudsman (hereinafter "the office"), which shall carry out those functions delineated in § 307(a)(12) of the Older Americans Act.

(b) The office shall designate and contract with, either directly or through the area agency on aging, a local grantee to establish and operate a local ombudsman program in each of the designated planning and service areas. Each local ombudsman program shall carry out the duties of the office in each area through paid staff and trained volunteers. For the purposes of carrying out those duties, and only to the extent required by § 307(a)(12)(H)(vi) of the Older Americans Act, each local program unit will be considered to be a "subdivision" of the office; provided, that this shall have no effect upon the character of local government or private agencies or corporations, and they shall not be considered to be agencies of the state of Tennessee.

For such sites, if a determination is made by the department that the majority of the older persons in the area served by the site are physically unable to attend a congregate meal site on a consistent basis and the health and well-being of such persons would be better maintained by receiving home-delivered meals, the department shall apply a threshold of an average of twenty (20) congregate and home-delivered meals a day for such sites.

71-2-108.

(a) The department shall require its contractors, grantees, and subcontractors to verify individual background information for newly hired employees and volunteers who provide direct care for, have direct contact with, or have direct responsibility for the safety and care of disabled or elderly persons in their homes.

(b) The department shall promulgate rules which develop standard procedures specifying minimum requirements applicable to verifying individual background information or performing a criminal history background check of all paid or volunteer in-home care providers for vulnerable elderly and disabled persons. The commissioner is expressly authorized to promulgate such rules as public necessity rules pursuant to § 4-5-209 to provide an immediate effective date.

(c) If the criminal history background check is conducted by the Tennessee bureau of investigation or the federal bureau of investigation, it shall be conducted by the submission of fingerprint cards to the Tennessee bureau of investigation or the federal bureau of investigation. Any cost incurred by the Tennessee bureau of investigation or the federal bureau of investigation shall be paid by the organization requesting such investigation and information.
